[A] It is recommended to still meet regularly with your Health Professions Advisor to discuss your progress.

[B] Students can adjust plan to accommodate applying in fourth-year, which allows more flexibility and additional semesters pre-requisites can be completed

[*] Individual OT schools may have additional non-science pre-requisites. It is the student's responsibility to meet with their Health Professions Advisor or check the websites of the specific OT schools to make sure they have planned for all required pre-requisite courses needed for application and admission.
