True Colors® is a simple model of personality identification utilizing the colors of orange, green, blue and gold to differentiate four basic personality types. True Colors becomes an uncomplicated language for every individual to convey complex ideas very simply. All division staff (non-student) participate in a True Colors workshop, take a personality style inventory and explore their own “color” attributes.

The True Colors initiative in Student Affairs strives to establish a divisional common language that promotes engagement and success in a safe and trusting work environment. True Colors assists staff in developing an understanding of themselves, their peers, and the strategic initiatives of the division. True Colors training helps to learn ways to recognize the value for different and complementary personality types in our work environment.

Attendance at the workshop is mandatory. Employees should coordinate their class attendance schedule with their supervisor.

Thank you for your cooperation. Completion of a True Colors Class is required before an employee can sign-up for a Four C's Class. Please contact B.J. Gola @ ext. 7370 or bj.gola@utsa.edu if you have any questions.

SUPERVISORS – Please note:

- 1. If there are any staff in your department that have not attended True Colors, we ask your assistance in scheduling them to attend one of these training sessions.**
- 2. Since the Housing & Res. Life employees are not on our email distribution list, please share this communication with them and assist with their sign-up.**
