

True Colors®

True Colors for STUDENT EMPLOYEES

Experience True Colors during the 2011 spring semester.....

True Colors is the common language amongst Student Affairs staff. Invite your student employees to learn the language at the True Colors Introductory Session – Keys to Personal Success for Student Workers (SD 417). Four sessions will be offered during the 2011 spring semester. No registration is required; however there is a limit of 50 per session.

Please note----

Supervisors are responsible for coordinating work schedules for student employees to attend.

See the comment below from a Supervisor whose student employees have received training in True Colors.

- *“I feel that the approximately 250 student staff at campus recreation now have a common language, problem solving model, and better working relationship across our six program areas because of their recent True Colors training that occurred at our all staff training this past January. Our student employees are now able to better understand how to best communicate with their peers and our patrons.”*
Tony Daniels, Associate Director of Operations/UTSA Campus Recreation
