Bright Ideas for Reducing College Drinking

featuring Scott T. Walters, Ph. D.

Thursday, August 4, 2011

8:30 -9:30 am

UC III Ballroom II

Dr. Scott T. Walters will speak on the recent trends in college drinking including rates of use and abuse, motivation for drinking, and ways college drinking differs from adult drinking. An overview of evidence-based interventions will be discussed.

The R.E.A.L. Alcohol Coalition is a statewide coalition that focuses on the prevention and reduction of alcohol-related incidences among college students. The mission is to create healthier and safer environments for all college-aged students by preventing and reducing the incidence of alcohol consumption, including underage and binge drinking.
