UTSA Office of Information Security

OIS Goals

- ❑ Balance information security with UTSA mission
 - Facilitate informed decisions to manage risk at acceptable levels and to ensure appropriate compliance
 - Requires everyone's effort – most incidents are the result of human error and process failures

OIS Org Chart

OIS Functional Areas

- ❑ Risk management
- ❑ Systems security
- ❑ Threat management
- ❑ Awareness, outreach and consulting

What OIS Can do For You

- ❑ Provide guidance on assessing and reducing risk
- ❑ Educate and train employees
- ❑ Assist with incident response (confidential data exposure or system compromise)
- ❑ Scan for vulnerabilities, monitor for attacks, etc. (if we know of your critical and sensitive systems)
